You'll Always Get A Perfect Fit

Because we're the largest dive operator in Cozumel, you'll always find the dive trip or package that's just right for you. If you enjoy a leisurely boat ride to the reefs - soaking up our warm sun while swapping stories with other divers - then our Caribbean 2-Tank Trip will meet your needs.

But if you're still ruled by the clock even when on vacation - preferring quick transportation to and from the dive sites with few other divers on board, then we suggest a morning or afternoon Express Trip. No matter which you choose, we have so many options you're sure to find more than one that simply sets your fins a-flipping!

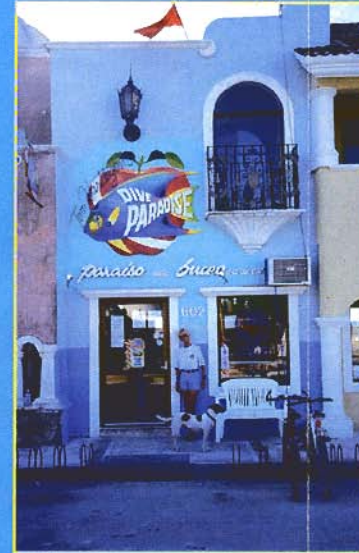

You're Only A Giant Stride Away

At most hotel properties south of town, enjoy our door-to-reef service with convenient pick-ups at your hotel's accessible pier. You'll have more time before and after your diving for relaxing and getting the most out of your Cozumel vacation.

We are a full service retail and dive training facility, and one of our 3 beachside locations is sure to be near where you're staying. Our main store is located on the waterfront next to the Naval base near town. We also operate out of the Hotel Barracuda and Las Brisas Hotel just south of town from waterfront facilities. And we invite you to visit our Temptations Beach Club at the Hotel Villablanca where you can

also enjoy sun, fun, and refreshments. It's located midway between town and the southern Cruise Ship Terminal.
